

Denver Area Thrift and Consignment Stores You Need To Check Out. Print Out Our List, Too!

Bargain hunters, this is for you. Here's a long list of thrift and consignment stores in Denver, Boulder and beyond. There's a fine line between a thrift store and a vintage store and we'll take the heat if you think we've inaccurately categorized a specific retailer. We don't pretend this list is comprehensive. There are certainly others out there.

Please feel free to email info@milehighonthecheap.com and let us know what we've missed. We'll add them when we can. Also, please include the URL of the store's website.

Looking to donate large pieces of furniture? [Here's a list of stores that accept them.](#)
